NUI Travelling Studentships

NUI Travelling Studentships

(maximum of €96,000 for up to four years)

The NUI Travelling Studentship Scheme is one of the University's longest running competitions and has been in existence since 1910

- to encourage the most able students in the NUI federal system to pursue research;
- to enable these students to undertake postgraduate research abroad, in the most reputable universities, towards a doctoral degree, or
- to enable students registered in NUI institutions participating in international partnerships to undertake substantial research periods overseas as part of their doctoral studies;
- to attract these scholars back to enrich the learning community within NUI.

The Travelling Studentship Scheme is valued at up to €24,000 per annum (stipend of €16,000 and contribution towards fees of up to €8,000, where appropriate). At least five Travelling Studentships will be offered in 2017, on the basis of a common competition open to NUI graduates, as follows:

2 Travelling Studentships in the Humanities and Social Sciences

(including Business and Law)

2 Travelling Studentships in the Sciences
